

>Description

ISR-TR Type Air Roller Lifter

ISR-26TR-300 Type

Unit = mm

>Specification

Roller diameter = 247

Product weight = 2.45kg

Withstand pressure = 0.9MPa (9.18kgf/cm²)

Working pressure range = 0.05~0.6MPa
(0.51~6.12kgf/cm²)

Operating temperature range = -5~80° C
(without freezing air line)

Using fluid = Air and inert gas (no filling up)

Theoretical thrust = 1569.6N (160.1kgf)
(Supplied air pressure 0.5Mpa)

>Material

Roller = SUJ2

Body = SS400

Plug = SS400

Bar= SS400
